WOMAN LEAPS FROM WINDOW TO HER DEATH

Miss Sophia Stork
Breaks Away from
Her Attendants and
Plunges to Ground.

SUDDENLY GOES INSANE.

Was Just About to Undergo
an Operation and Had to
Struggle with Nurses to
Reach Window.

In a sudden outburst of acute mania, Miss Sophia Stork, of No. 269 East Sixty-ninth street, threw herself out of the fourth-story window of Miss Austin's private hospital, No. 26 West Sixty-first street, this afternoon, and was instantly killed.

She was about to undergo an operation for the removal of a tumor, and although her room was full of nurses who struggled with her to save her, her maniacal strength enabled her to jerk herself loose and accomplish her purpose.

Miss Stork was a patient of Dr. A. Leonard White, of No. 10 West Eighty-fifth street, and had been for some time. She was forty-five years old and had long been a sufferer from tumors. It was decidedly recently that she should undergo an operation for their removal.

Removed from Home To-Day.

Dr. White decided to have her removed from her home, where she lived with some other members of the family. To-day she was taken to the hospital on West Sixty-first street. The operation was arranged for this afternoon.

Dr. E. E. Tull, of No. 119 West Eighty-fifth street, was called in to do the surgical work. Miss Stork was depressed by the thought of the operation, but she gave no sign that she was mentally unsound.

Shortly after 1 o'clock she was in her room on the fourth floor. Drs. White and Tull were there and there were three nurses in the room. Miss Stork had been prepared for the operation and Dr. Tull had just turned to leave the room to go on the floor above, where the operation was to take place, when a sudden fury seized the woman.

She began screaming and fighting and made a rush for the window. The nurses were taken entirely by surprise, but they divined the woman's purpose. They seized her and in the next moment they were all engaged in a desperate struggle.

Get Away from Nurses.

The insane strength of the patient was so much that she tore the clothing from the backs of the nurses and before Dr. Tull could get a grip on her she had shaken herself free and had pitched out the window with one long despairing scream.

There was a wild scramble down to the ground floor and out into the back yard, where Miss Stork had fallen, her head having been in the back of the hospital. She was found terribly crushed and mangled. Life was extinct.

The body was carried inside and Dr. Tull immediately notified the coroner's office.

Miss Stork is said to have been well-to-do. Her family owned the house in which they lived.

PING-PONG GAME FATAL TO LAWYER.

Albert I. Englehart
Dropped Dead While
Playing with Ex-
Judge Dittenhoefer.

STRICKEN IN HIS HOME.

Guests Sitting About Watch-
ing Game, Saw Him Fall
After Making Serve, Which
May Have Caused Death.

Lawyer Albert Englehart, of No. 291 Broadway, dropped dead while playing ping-pong in his summer home in Far Rockaway. It was reported to the police to-day that Mrs. Englehart, the wife of the lawyer, with some guests were sitting about watching the play between Mr. Englehart and ex-Judge A. J. Dittenhoefer, his brother-in-law, when the lawyer suddenly reeled and fell to the floor.

It was at first thought that he had fainted and restoratives were applied, while Mrs. Pedro S. Francke and M. S. Cauldwell were summoned.

These arrived hastily, and both declared Mr. Englehart dead, they agreeing that heart failure caused death.

Coroner's Physician Nammack, when called, however, differed from the doctors, he inclining to the theory that while making a back-hand forearm swing Mr. Englehart severed an artery and died from internal hemorrhage. He will hold autopsy to determine whether he is correct.

Mr. Englehart was fifty-four years old and well known in legal circles, he at one time occupying a position on the bench.

His city address was No. 64 West Forty-sixth street. His summer home, "Seaview," at Far Rockaway, was one of the most beautiful along the coast.

FORT DE FRANCE CABLE STOPPED.

Sudden Interruption of Com-
munication at Noon To-
Day Leads to Fear of An-
other Disaster in Island.

The announcement is made that since noon to-day cable communication between Puerto Plata, Hayti and Fort De France, Martinique, has been interrupted.

The break in the cable leads to fears of another disaster in Martinique. Latest direct information from the island, dated yesterday, said Mount Pelée was still in eruption, but no material damage had been done.

The people of Fort De France were panicky.

The interruption was the first since eruption of Mont Pelée began. The present trouble has been located, it was said, at the French cable office, as occurring at a point between Puerto Plata, Hayti, and Fort De France. It had not been ascertained at a late hour this afternoon what had caused the trouble.

VOLCANO IS STILL IN ACTIVE ERUPTION.

WASHINGTON, May 30.—Secretary of the Navy Moody received a number of despatches to-day concerning conditions at Martinique.

Commander Thomas C. McLean, commanding the Cincinnati, cables from Fort De France under date of May 29 as follows:

"Eruptions volcano continue. Occasionally great outbursts at intervals of few days. Mostly columns and masses of clouds, steam, smoke and ashes shooting up quickly to great heights. These alarm the people, but no serious damage is being done outside of the district where the first devastations occurred. Plenty of supplies here.

"French Admiral, with three ships, arrived. Two more expected daily. Corvidal, grateful, and says able to manage everything now without assistance.

"The Cincinnati goes to Castries on the morning of the 30th.

"At another dispatch Commander McLean says that George Kennan, the writer and editor, is said to have been taken to the 29th, traveling up the country.

"Commander Berry, commanding the Dixie, cables from St. Lucia to-day that he is going to Martinique, and unless otherwise ordered, thence to New York."

EARTHQUAKE SHOCK FELT IN CONNECTICUT.

EASTHAMPTON, Conn., May 30.—Many residents of the southern part of this town felt what they believe were earthquake shocks last night. The disturbance occurred at 8:30 o'clock, awakening the sleeping, jarring buildings and rattling dishes.

It lasted only about thirty seconds and was less distinct than the similar shock felt in various parts of the State about eighteen months ago.

(Special to The Evening World.)
RACE TRACK, GRAVESEND, N. Y., May 30.—An immense crowd came down to the track this afternoon; not less than 30,000 persons were massed on the grass, packing the grand and field stands to suffocation. This was at 2 o'clock, and even then there were hundreds more on the way blocked on the road by the glut of trolley cars, trains and other conveyances on the single road leading to the course.

This holiday was, of course, the reason for such a crowd, for the card was not out of the ordinary, though it was attractive. The Bedford Stakes for two-year-olds and the Parkway Handicap for three-year-olds and upward were the features.

The weather was ideal and the track very fast.

GEN. HOWARD'S PLEA FOR THE CHINESE.

At the unveiling of the Soldiers' and Sailors' Monument on Riverside Drive to-day Gen. O. D. Howard said:

"Our late conduct by argument, by legislation, by regulation, and by intense official action against the Chinese people, terrifies me, because I see in it another strife like that against the African. Surely we must deal with every nation far and near, great or small, according to the simple principles of justice. For this, my countrymen, all thinking men among the veterans of the great Civil War were fighting."

PRESIDENT MAY VISIT SOUTH AND SOUTHWEST.

WASHINGTON, May 30.—President Roosevelt has undertaken to make two trips through the Western country next fall. About the last of September the President will go to Springfield, Ill., and to Detroit, Mich. In the latter part of October he will go as far into the Southwest as San Antonio, Texas. He has been urged to go on a bear hunt in Mississippi as the guest of the Governor of the State and it is possible that he may consent.

MEAT FAMINE IMMINENT IN CHICAGO.

CHICAGO, May 30.—This city began to realize to-day that a meat famine is imminent. Butchers who have bought of the packers fighting the striking stock yards teamsters lost their ice supply. Restaurants were in straits to procure choice meats. The commodity rose in price and many shops shut down in different parts of the city. Holiday crowds blocked wagons and cheered the strikers.

ATTORNEY-GENERAL KNOX IS ILL.

WASHINGTON, May 30.—There was a short session of the Cabinet to-day preceding the ceremonies at Arlington. Attorney-General Knox was the only absentee. It was reported to the Cabinet by Secretary Hitchcock, who has visited his bedside this morning, that the Attorney-General had passed a bad night and consequently was not as well to-day as was expected.

FREEDOM OF RACE WORK OF ARMY.

Head of the Nation Says Cruelties Have Been Practised in the Philippines, and They Must Be Sternly Punished, but Wherever Insurrection Has Been Put Down the People Have a Measure of Liberty Never Known Before—Shadow of Our Destiny Has Touched Shores of Asia—Hint of Filipino Independence.

PRESIDENT DEPLORES CRUELTY; WILL STERNLY PUNISH OFFENDERS.

These younger comrades of yours have fought under terrible difficulties and have received terrible provocation from a very cruel and very treacherous enemy.

UNDER THE STRAIN OF THESE PROVOCATIONS I DEEPLY DEPLORE TO SAY THAT SOME AMONG THEM HAVE SO FAR FORGOTTEN THEMSELVES, AS TO COUNSEL AND COMMIT IN RETALIATION, ACTS OF CRUELTY.

The fact that for every guilty act committed by one of our troops a hundred acts of far greater atrocity have been committed by the hostile natives upon our troops, or upon the peaceable and law-abiding natives who are friendly to us, can not be held to excuse any wrongdoing on our side.

Determined and unswerving effort must be made, and is being made, to find out every instance of barbarity on the part of our troops, to punish those guilty of it, and to take, if possible, even stronger measures than have already been taken to minimize or prevent the occurrence of all such instances in the future.—President Roosevelt in speech to veterans at decoration of graves in Arlington Cemetery.

WASHINGTON, May 30.—President Roosevelt, in addressing the vast crowd of people who attended the memorial services at Arlington Cemetery to-day, vigorously defended the army in the Philippines.

The President spoke with great earnestness and he was vehemently cheered.

He admitted that there had been instances of cruelty and misconduct which should be sternly punished.

But he declared the conduct of the army as a whole had been singularly humane and worthy of the highest praise.

The implication of a possible independence of the islands was regarded as especially significant.

The announcement that the President would deliver the oration of the day brought to the historic city of the dead a vast concourse of people.

The local arrangements were in charge of the Department of the Potomac, and included a parade of all the G. A. R. and other patriotic organizations, the decoration of monuments and graves, and addresses by men prominent in the affairs of the Government.

At Arlington, where the principal exercises were held, a national salute was fired at 12 o'clock by the Fourth Battery, U. S. Field Artillery. Music was rendered by the Marine Band and by the Memorial Choir. Upon arriving at Arlington, the procession marched to the tomb of the unknown.

During the decoration of the tomb by the special committee chosen from the different G. A. R. organizations and auxiliary societies the Marine Band played an appropriate selection. The procession then broke up and the decoration of graves began. A touching feature of the work of decoration was the strewn of flowers over the graves of the Confederate dead who lie buried in a section of the cemetery.

The Army in the Philippines.

Turning to the work of the army in the Philippines, the President said: "Just at this moment the army of the United States, led by men who served among you in the great war, is carrying to completion a small but peculiarly trying and difficult war in which is involved the future of a vast people."

Let Children Die Without a Doctor.

John and Helen Bazerwerz Ate Too Much Impure Food but Father Says They Were Bewitched.

The coroner's office was notified to-day that John and Helen Bazerwerz, two years and one year old, respectively, children of Weiner Bazerwerz, of No. 457 West Fifty-third street, died during the night without medical attendance. The matter was reported to the police by the janitor of the house.

Bazerwerz is a Pole and densely ignorant. When the little ones were taken ill last night he did not send for a doctor. The boy died at midnight, the girl a few hours later. It appears that their death was caused by overeating of impure food, but the father says they were bewitched.
